Happy Birthday!

Children's birthday - How many candles are there?

Parents can now leave the hard work of organizing the birthday parties to us. We even provide special party invitations. The birthday parties are held in a special area for birthday celebrations only.

The birthday child can play and celebrate with friends, open the dinner table whilst sitting on the throne, sing birthday songs, blow out the birthday candles and unpack presents.

During the festivities at the dinner table, children will be entertained by PLANETA MAGIC staff with no stress for the parents.

In the run-up to the party you will receive invitation cards upon request. All party guests are given for the duration of the party a team T-Shirt in the same color, so they can be identified in the play area. The birthday girl/ boy also receives a crown. All birthday presents and personal items can be stored away in a cabinet reserved for the party.
